THREE THOUSAND REBELS REPORTED IN MOVEMENT

Garrisons of Small Towns Are
Being Driven Before the
Pillaging Bands

NOGALES, Aug. 22.—Every west-coast railroad train is bottled up between Nogales and Sonora. The Guaymas train leaving Nogales yesterday was stalled at Pesqueria, and the north bound train was stalled south of Hermosillo by burned bridges. General Manager Temple went south on a special train yesterday and is shut in near Carbo. No rebels continue to burn bridges and water tanks along the Sonora railway. Moving northward, they are driving the garrisons of small railway towns before them, and are burning and pillaging. Reports say that the rebels number three thousand.

CARBO, SONORA, LOOTED BY
REBELS.—R. R. TRACK BURNED
TUCSON, Ariz., Aug. 22.—The vanguard of General Rojas' rebel army have burned several bridges and destroyed hundreds of yards of track along about 12 kilometers south of Carbo, Sonora, according to dispatches received here by railroad officials. They were driven back to the main body of their command by railroad employees armed with rifles and shotguns. All wires south of Carbo are out, and although it is known that severe fighting is going on in that section, few details are obtainable. Refugees from Ladara report that Rojas looked that town, wantonly destroying property he could not carry away.

Rebels Repulsed
MEXICO CITY, Aug. 22.—A band of rebels under command of Emilio Campa attacked the town of Ures, formerly the capital of Sonora, and were repulsed, volunteers coming to the aid of the small garrison. Reinforcements have been sent to Ures.

U. S. to Care For Mormons
WASHINGTON, Aug. 22.—The War Department has directed Major General Arthur Murray, commanding the western division at San Francisco, to instruct the commanding officers at Graham Valley, Snowflake, Douglas and Mesa, Ariz., to report the best method of taking care of the Mormon and other refugees who cross the border from Mexico.

Officers at other points along the line were instructed to take care of all refugees as they make their appearance. A large number of tents were shipped to Douglas Tuesday. General Stover reported to the War Department that Orozco and his forces Tuesday were engaged in battle with the Federals about 12 miles south of Juarez.

SENATE TO PASS THE BUDGET BILL

Filibuster Against Department
of Labor Bill Held Up
the Measure

WASHINGTON, Aug. 22.—It is expected the senate tonight will pass the budget bill containing an appropriation for continuing the commerce court to March 4, next. President Taft is expected to sign the bill. With the budget bill disposed of it is believed Congress will adjourn Saturday.

A filibuster on the Department of Labor bill prevented its final passage this morning. The Labor Department bill filibuster was engineered by Senators Root, McCumber and Page. They declared against the consideration of the proposed Department of Labor bill.

The Senate is anxious to consider the budget bill with the new proviso continuing the appropriation for the commerce court through Taft's present term.

CHICAGO, Aug. 22.—Following the conference of representatives of both sides, Mayor Harrison announced late today that a settlement of all differences except the wage scale had been reached, and that there would be no strike of the street-car employees. The mayor stated that he expects the wage difference to be settled very quickly.

EMPLOYEES HAD DECLARED
DECISION TO WALK OUT
CHICAGO, Aug. 22.—Union leaders today issued the statement that fourteen thousand street and elevated railway employees will quit work next week unless all the companies agree to compromise the wage dispute.

The South Side Street Car Company is still resisting the men's demands, and the unionists claim that President Bushy of the South Side system has already imported eight hundred strike-breakers.

BRAMWELL BOOTH IS ARMY LEADER

Public Announcement of His
Succession by Father's
Will is Made

NEW YORK, Aug. 22.—Official announcement of the succession of Bramwell Booth as commander of the Salvation Army was received at the national army headquarters, 120 West Fourteenth street, yesterday afternoon in code which was translated as follows:

"I am instructed to inform you that in accordance with procedure of the Salvation Army the general has appointed William Bramwell Booth in command of the Salvation Army. He accepted the appointment, and the best of all is, God is with us."

"COMMISSIONER HOWARD."
As soon as Colonel William Pearl, chief secretary and second in command to Miss Booth, read the message, he went to a safe in his office on the fourth floor and took therefrom a sealed envelope which had been entrusted to Miss Booth and to him at the international headquarters when they visited London on business last spring.

Sent Throughout World
They were admonished at the time not to break the seal until word had been received after General William Booth's death that his successor had been named. It is understood that similar documents were sent to all other Salvation headquarters throughout the world.

The document set forth that "not by reason of his relationship to the first general, nor the fact that he is the eldest son of his sainted mother, but for himself we placed him in his father's seat of honor and responsibility."

Commander Eva Booth is so grief-stricken over the death of her father that she remained in her rooms at headquarters yesterday, receiving no callers except her most intimate friends.

Miss Booth sent the following telegram yesterday morning to her brother, Ballington Booth, commander of the Volunteers of America, at his headquarters:

"Bramwell cables me to inform you and Herbert peace crowned general's end. Sends his affectionate sympathy. So do I."

CRUISER CALIFORNIA ORDERED
FROM SAN DIEGO TO MANAGUA
SAN DIEGO, Aug. 22.—Upon receipt of word from the Navy Department to sail for Panama City, the isthmus of Panama, the cruiser California is preparing rapidly to go to sea. She will proceed at full speed to Panama City, where 700 marines, who are being rushed to the north side of the isthmus from the Atlantic seaboard, will go aboard. They are proceeding from Philadelphia on the transport Prairie, and will march across the isthmus. The California then will speed to Corinto, Nicaragua, whence the marines will be rushed to Managua, the beleaguered capital of Nicaragua, in the event that American intervention in the Nicaraguan rebellion is deemed necessary.

Country Seethes in Revolt
SAN FRANCISCO, Aug. 22.—That the situation in Nicaragua is fully as serious as cablegrams indicate is the belief of passengers on the Pacific Mail steamer San Juan, which arrived from Panama via Corinto yesterday.

Before the San Juan left Corinto it was said that the entire country was seething with revolution. The country is suffering from famine as the result of the corn crop and, with the exception of wealthy families, there was no relief in sight, and ordinary people were without money.

"To add to the gravity of the situation, especially for Europeans and Americans, the masses are shouting for revenge because the foreign residents began to use their influence against Mena from the moment Congress decided upon him as their chief."

It is estimated that nearly half the population was existing on nourishment obtained from nuts and roots. What little flour remained in the country was being sold under government supervision at the rate of \$27 a hundred pounds.

PACKING CO. PLANT IS TO BE REBUILT

Meanwhile Customers Are to
be Served From Auxiliary
Supply House

LOS ANGELES, Aug. 22.—Work on the reconstruction of the fire-damaged plant of the Los Angeles Packing Company at Thirty-eighth and Santa Fe avenue, will begin as soon as the insurance is adjusted, it was announced yesterday.

Customers will be served from an auxiliary supply house until other provision is made.

The fire, which began early yesterday morning, did damage estimated at \$300,000, destroying a large building and wings and several corrals. The flames, it is believed, originated in the flammable room from spontaneous combustion.

O. M. Patterson, president, said just as soon as possible the debris would be cleared away and work of building a larger plant begun. Manager Carr said there would be no interruption in the transaction of business.

PUBLIC RECEPTION GIVEN RIVERSIDE MAN, ROOSEVELT CANDIDATE FOR CONGRESS

Samuel C. Evans of Riverside, candidate for the Republican nomination for congress, was given a public reception last night at the Armory. Those who met him and heard him talk were impressed with his sturdy stand in politics. After some time spent in the usual courtesies of a reception, S. J. Jackman, president of the Santa Ana Roosevelt Club, introduced Evans for an address. Evans talked in a businesslike manner, setting himself clearly on record with the Progressive movement.

He reviewed some of the incidents of a strenuous campaign. His district covers seven counties, and the work of visiting all the places that he has wanted to visit has proved a big job. Wherever he has been he has met with success.

In San Diego county he found that the Progressives had found out that Kirby is for Taft, and those who at first supported Kirby because he was a San Diego man have now deserted him because they refuse to support anyone not a Roosevelt man.

"The Progressives want to get the government and business of the country on a stable basis," said Evans. "They are reasonable. Their plans are reasonable. I have noticed that those who want to get an easy living without rendering due service are generally to be found allied with the big interests."

"I have carefully thought over the principles embodied in the initiative, referendum and recall, and I believe those measures to be correct."

"I believe in the primary law. The

SUGGESTS MUNICIPAL WORK ON SHORES OF NEWPORT HARBOR

At the meeting of the directors of the Chamber of Commerce last night a letter was read from Engineer Boschke, who has prepared plans for the improvement of Newport Bay into a commodious deep-water harbor, in which he made some very important suggestions as to the course the city of Santa Ana should pursue in order to get the greatest benefits from the harbor. Mr. Boschke said:

Los Angeles, Cal., Aug. 14, 1912. The Honorable Chamber of Commerce, Santa Ana, Cal.

Gentlemen:—When preparing the plans of improvement for Newport Bay which I have submitted to your honorable body, I concluded that it was important to prepare another plan showing or rather suggesting, municipal improvements which the City of Santa Ana should adopt. These if carried out, will greatly benefit your city, making it a great commercial port, having 15,000 linear feet of deep water frontage. The San Francisco water front has only 25,000 feet.

As I have stated before, commodious dockage on deep water is the determining characteristic of a great commercial port.

Substantial wharves of sufficient area for the reception and assorting of merchandise and its prompt transfer to railroads with adjacent warehouse facilities are the ultimate demands of a great commerce.

There are not many harbors on the Pacific Coast. Few of them can offer to commerce the advantages which it is possible to create at this port.

Not being controlled by any railroad corporation, now is the chance to develop the port. It is a well known fact that the Southern Pacific Company has acquired about all of the water frontage available at the different ports on this coast.

If these plans are adopted the City of Santa Ana will have absolute control of this harbor and will be able to offer and provide railroad terminal facilities to a number of transcontinental railroads.

It offers perfect safety to shipping, being a land-locked harbor and being practically free from long periods of heavy fog. Not having a bar, nor strong currents to contend with, a vessel will not be delayed while entering or leaving port, which is a matter of importance as most ports on this coast are subject to these conditions and vessels are often harbored for days at a time.

We have the advantage of being

Los Angeles Veteran Is Elected Commander

HUNTINGTON BEACH, Aug. 22.—H. Heffelfinger of Los Angeles was yesterday elected commander of the Southern California Veterans' Association, and O. V. Knowlton of Fullerton was chosen senior and A. M. Brown of Colton, junior, vice-commander. Dr. D. A. Hassan of Buena Park was elected surgeon, and C. R. Norton of Glendale, chaplain.

The new Council of Administration is composed of J. S. Hattery of San Bernardino, A. J. Wilson of Los Angeles, C. C. Brown of Pasadena, R. H. Butler of San Diego, A. C. Lewis of Riverside, L. Scofield of Whittier, Frank Hobart of Ventura, G. W. Wilcox of Los Angeles, for the Sons of Veterans, and T. C. Galbraith of that city, for the Spanish War Veterans.

CLOSE SHAVE BY BOY'S BULLET

Roy Vincent Came Near Being
Shot by 14-Year-Old Boy
With New Revolver

OFFICERS TAKE HAND IN AFFAIR

Firearms Were Purchased by
Irresponsible Youngsters
From Hawley's Store

Roy Vincent, son of E. E. Vincent of the Crescent Hardware Co., had a revolver bullet fly past his hand and close to his stomach yesterday afternoon. The bullet came from a revolver in the hands of a careless boy, Horace Shafer of Tustin, the revolver being discharged accidentally. Horace Shafer, aged 14, and Richard Wilde, aged 15, of San Diego, a visitor at the Shafer home, went to the Iowa stables yesterday and rented a rig, saying they had instructions to rent it to meet a train. They then drove to A. E. Hawley's Gun Store. They went into the store and bought two revolvers, a 32-caliber and a 22-caliber, and some ammunition, paying \$6.65.

After they left the store they evidently concluded that they wanted more ammunition, as they stopped at the Crescent Hardware Co. store. Roy Vincent went to the counter to wait on them. They said something about buying a revolver. Vincent replied that he would not sell a revolver to a boy.

"Why, I've got one, said the Shafer boy, and he pulled the revolver out of his pocket. He carelessly pulled the trigger. The end of the revolver was so close to Vincent's hand that he felt the burn of the powder, and the bullet barely missed entering Vincent's abdomen. The bullet entered a box of shotgun shells on the shelf against the wall, passing through one cartridge and stopping in another.

The matter was reported at once to City Marshal Jernigan and Constable Jackson. Jackson rounded the boys up on the street, took them to Hawley's, and made Hawley return them their money and take the revolvers and ammunition back, lecturing the boys and sent them home. The liverrman got his rig and took it to the stable.

City Marshal Jernigan states that he has warned the Hawley store against the advisability of selling or renting firearms and airguns to boys.

ROOSEVELT GIVES LIE TO PENROSE

Quotes Letters and Telegrams
to Show His Fight Against
Standard Oil Contribution

WILKESBARRE, Pa., Aug. 22.—In a brilliant dictated statement last night Colonel Roosevelt gave the lie to Senator Penrose's accusation before the Senate that Roosevelt contributed taking the \$100,000 contribution of the Standard Oil trust to the 1904 national campaign fund. The Colonel, producing a volume of his executive documents, read telegrams and letters that passed between him and George B. Cortelyou, chairman of the Republican national committee in the campaign of 1904, showing that Roosevelt explicitly forbade taking Standard Oil money. The ex-President dictated his statement after having heard of Penrose's attack upon him.

Colonel Roosevelt said: "The only part of Mr. Penrose's statement that needs comment is that portion in which it is asserted that I had advised a heavy campaign contribution from Mr. Archbold on behalf of the Standard Oil Company to the national campaign committee, and that I, directly or indirectly, requested a contribution from Mr. Archbold and his associates interested in the Standard Oil Company. The statement is false."

The telegrams and letters bearing out Col. Roosevelt's statement then followed.

PENROSE MAKES MOTION TO
HAVE CHARGE INVESTIGATED
WASHINGTON, Aug. 22.—Senator Penrose today in the Senate moved that the committee investigating campaign contributions be instructed to examine the charge against him in connection with the publication of the fac simile of a certificate of deposit for \$25,000 signed by John D. Archbold of the Standard Oil Company in favor of Penrose. He gave notice that he will move again on the motion tomorrow.

LIVE NEWS GATHERED FROM NEARBY TOWNS

CREWS HURRY
UP CONTEST

Both Wells Being Bored by the
Olinda Land Co. Down
About 1100 Feet

Los Angeles Times: The Olinda Land Company has done some rapid work in two wells in the Olinda district by racing two crews. Both of the holes are now down over 1100 feet. The crew on well No. 11 has had the advantage of that working on No. 10 of late, owing to the fact that the latter well has encountered a conglomerate formation which necessitated slow drilling. Indications now are, however, that whereas the No. 11 crew had the advantage for the time being, they are about to encounter a like conglomerate formation also, which will give the men working on No. 10 a chance to catch up with them.

The Olinda has well No. 5 in sand carrying light oil at 2400 feet, and No. 8 is in sandy shale with showing of oil at 2550 feet, while No. 4 has met with a hard sand carrying oil at 1895 feet. No. 12, the new semi-wildcat well of the company which is nearly a mile distant from other operations, is down 275 feet. This well, on one apex, with No. 5 on the other and the pumping plant on the third makes almost an equilateral triangle, in which a greater part of the company's development is carried on.

FISCUS SAYS
CROP SMALLER

ANAHEIM, Aug. 22.—Joe Fiscus, probably the best posted walnut grower in the county, expects that there will be a slightly smaller yield of this staple Anaheim crop than last year. In the groves that Fiscus has looked over some of the trees are heavily loaded while others are light. The average promises to be a very profitable crop. In the Placentia country and in most of the Anaheim groves, supporting poles are seen under many trees. The nuts have come along at a rapid rate the last few weeks and are looking fine. There is very little evidence of damage.

The biggest price ever offered for land in Orange county fruit belt was tendered for the Nemo forty acres at Placentia, and refused, the figure being \$5000 an acre, or a total of \$200,000. The offer was made by S. E. Phillips of Los Angeles, presumably representing the Standard Oil Company, and the price is based on oil possibilities on the property. The Nemo ranch is situated just south of the Yorba ranch, where oil sand has been found.

WELL DEEPER
MADE BETTER

Amalgamated Has Great Pro-
ducer in No. 8—Interest
in La Habra

FULLERTON, Aug. 22.—A great producer has been secured by the Amalgamated Oil Company in well No. 8, which has been deepened only about ten feet to increase production, since it came in a week or so ago as a 400-barrel pumping well. No. 8 is now doing 1000 barrels a day. It is equal to well No. 4 in its flowing capacity, and produces about the same gravity of oil. These two wells are now the greatest producers in La Habra Valley, and demonstrate the importance of this extension of the Fullerton field.

The gas pressure in No. 8 is thought to be the heaviest that has so far been encountered in La Habra Valley, and is responsible for the large output.

Interest now centers on this portion of the Fullerton district in a marked degree, because a large number of companies have acquired holdings and are drilling. Thus far the Amalgamated is the only company to bring in producing wells in this new division, but it will be only a short time before a number of the other operators will be down to the sifting level.

As yet the formations in this valley are not very well understood, and for this reason several wells have met with considerable water trouble. Consequently the success which has attended the operations of the Amalgamated Oil Company on well No. 8 will probably clear up the difficulties somewhat.

Right alongside the Amalgamated the Union is drilling half a dozen wells and progress is markedly steady on the operations throughout the section, probably owing to the ease with which the formation can be drilled through. Other companies operating in this vicinity are the Petroleum, the Dorethy, the Standard, the Fisher and the McAnders.

The Standard was expected to have the well on the Stearns lease on the pump yesterday, to drain out the water and test for oil. This well is in a rank wildcat district, as are four of the others being drilled by the big company. Several of these are being cemented.

The Amalgamated's No. 8, when it originally came in, appeared to be good for only about 400 barrels a day on the pump, and a decision was taken to attempt to secure oil at a lower level. The tower sand was struck at a depth of little over 3000 feet, and to all appearances appears to offer promise of giving as good results as have been had in well No. 4, which is yielding nearly a thousand barrels a day. This is the fifth producing well brought in by the Amalgamated in the valley.

Large Audience Heard Rev.
Love in His Address Sun-
day Morning

OLD NEWPORT, Aug. 22.—A large audience greeted Rev. Love of Santa Rosa Sunday morning at the school house, and a fine discourse was given close attention. A most appetizing dinner was partaken of at noon out under the trees. Although the afternoon proved rather warm the sermon was greatly enjoyed. The congregation was not so large in the evening as those attending from Santa Ana and Bethel had to return home. These meetings will continue through this week and all those who are interested will be cordially welcomed. Rev. Love is a man who certainly understands his subject and is an able speaker.

The Woman's Home Mission Society met at the church Wednesday afternoon and although the attendance was small the program was a very interesting one. The Home Mission Society Study Class will meet with Mrs. A. T. Armstrong on Wednesday afternoon of next week, Aug. 28. Every lady who is interested in the "isms" of the day is invited to attend. It will be well worth while.

Rev. Wilhite of Santa Ana filled the pulpit in the absence of Rev. R. R. Raymond.

Frank Bradbury went a-fishing last Saturday and returned laden with the denizens of the briny deep, much to the delight and enjoyment of all who shared in the catch.

Mr. and Mrs. A. T. Cole and two daughters and their families spent the evening last Monday at the home of Mr. and Mrs. H. O. Merritt.

Miss Lulu Townsend is enjoying a well earned two weeks' vacation. Most of the time is spent at home as her parents are entertaining guests from their old home in Kansas.

Mr. and Mrs. Best and son Virgil, Mr. and Mrs. A. T. Cole and Mrs. Kuffel went to Newport Beach on Thursday to meet friends from Arizona and Los Angeles. The day was spent in picnic fashion and was enjoyed by all.

Rev. and Mrs. Risinger and son Donald reached Berkeley in fine shape, having escaped seasickness. The trip was greatly enjoyed by them. They remained over Sunday with friends from Azusa then resumed their journey by boat.

Misses Christine and Esther Segerstrom were shopping in Los Angeles on Tuesday.

Miss Emma Hutton of Orange, spent Sunday with her brother, J. D. Hutton and family.

Mrs. Brooks spent Saturday with her son Lee and wife.

Quite a few of the young people, married and otherwise, took in the dance at Balboa Saturday evening.

The W. R. McClintock and R. L. Tedford families took an auto trip through the hills Sunday visiting Colton, San Bernardino, Pomona and several other burgs on the way.

Miss Juanita Bradbury was home over Sunday.

Mrs. Charles Griset's mother, Mrs. Walker, and sister, Mrs. Planchon, of Talbert, spent Sunday with Mrs. Griset and family.

Mr. and Mrs. Charles Segerstrom and son left their home town of Santa Ana last Wednesday and arrived here at Mr. Segerstrom's father's home Monday evening. They expect to stay for some time. They made the long trip of some 700 miles in their automobile. They stopped at every place of note and interest on the way. They found some of the roads pretty dusty while others were paved and afforded fine driving.

Beautiful Huntington Beach

A Justly Popular Beach Resort---A Charming Spot for a summer or winter home---A thriving agricultural center

HUNTINGTON BEACH is a combination of almost everything desirable for the home-seeker, sojourner, investor and those on pleasure bent. Its climate is perfect at all seasons of the year; its social and moral conditions are unexcelled; its beauty of location, with superb mountain and marine views, is the delight of all who behold. Besides being a popular beach resort, with fine surf bathing and fishing, modern pleasure pavilion, pier and bathhouse, a superb beach and slightly ocean front bluffs, Huntington Beach is a commercial and industrial center. It has a "back-country" of thousands of acres of the richest and most beautiful agricultural lands—peatlands for celery, sugar beet lands, bean lands and lands suitable for all kinds of crops. On the outskirts of the city are located a great sugar factory, tile factory, barley-crushing and bean-cleaning plants. The city has over 1500 inhabitants and is growing rapidly. Splendid schools and churches are there, broad paved streets, fine business blocks, beautiful homes. Railroad facilities include the Southern Pacific steam road and the Pacific Electric trolley lines, one running in from Santa Ana, the county seat of Orange county, and the other from Los Angeles, extending on to Balboa. Arrangements have been made by which Huntington Beach will in future have a 45 minute car service to Los Angeles the year round with three flyers daily to Zafaria, the junction for Long Beach. Huntington Beach has been chosen year after year as the place of meeting for the Southern California Veterans' Association, Aug. 13-23; Socialists encampment July 1-7; Methodist camp meeting July 21-August 4.

One of the most popular attractions of Huntington Beach is its "Tent City," located only three blocks from the ocean, convenient to car lines. The grounds are attractively laid out and planted with trees and shrubbery.

Huntington Beach homes are surrounded by beautiful lawns and gardens, the rich character of the soil and the abundant supply of pure water making it easy to grow anything.

For Sale—40 acres good rich sandy-sediment loam, all under cultivation. Four room California house, 7-inch artesian well, 8 h. p. pumping plant and plenty of shade trees. Price \$250 per acre. Half cash, balance easy at 7 per cent.

Those wishing to make sure and safe investments in the famous peatlands locality make no mistake in letting us show what we have to offer. We are willing to put our time against yours—let us give you an auto ride through our rich country. Make an appointment by phone. Both phones 33.

West 17th Street Bridge Is About Completed—Go to Work on Approaches

The Seventeenth street bridge across the Santa Ana river will be completed tomorrow, and tomorrow John Mitchell, road overseer of the Garden Grove district, will put men and teams on the job making the approaches. The bridge has been built under the direction of Supervisor Talbert.

The City of Santa Ana has bought the right-of-way for the extension of West Seventeenth street to the bridge, and notice has been given the owner of the house on the Maybury ranch to move the house so that the street can be opened to the bridge.

The completion of this thoroughfare and bridge will bring Berrydale closer to Santa Ana than is possible in times when there is much water in the river. The old crossing has been almost impassable with automobiles. The bridge has been needed for years for the reason that roundabout travel was necessary to reach either the West Fifth bridge or the West Chapman bridge.

CALIFORNIA MUST PUT UP REAL THING IN TOMATO CANS

SACRAMENTO, Aug. 22.—By a ruling of the United States Department of Agriculture, California canners and grocers have just been notified that the canned tomato of commerce hereafter must be the real article all through rather than two-thirds juice and one-third tomato, or else the label calling the article "tomatoes" must be removed.

Under the ruling canned tomatoes which sell three for 25 cents, hereafter will be known not as tomatoes, but as "puree made from tomato trimmings with at least one pound of tomatoes." The ruling permits only the "solid pack" can to bear the label "tomato."

The decision will necessitate the changing of the labels on thousands of cans of the stuff already put up by California canneries.

WILSON MAN ON TOBOGGAN

Constable Jackson's Enthusiasm Let Him Down Rather Hard Last Night

Constable Jackson is ordinary cool and collected. It would seem, however, that when he gets to talking about Woodrow Wilson for president he goes into enthusiasm. That is the only explanation given for a fall down stairs indulged in by the officer last night.

Constable Jackson, with a few other followers of the Democratic nominee for President, attended a committee meeting in the office of Attorney H. C. Head last evening. After the meeting, during which it was found that Jackson's enthusiasm for Woodrow Wilson was equalled only by the enthusiasm of Ben K. Tarver, the committee adjourned. On the landing, Jackson was uttering a remark high in praise of Woodrow Wilson. He must have been treading on thin air. At least at that time Jackson stepped into space. He began to hit the steps. He rolled, fell and bumped to the very last step of the stairway, and he came to a full stop still yelling for Woodrow Wilson.

Jackson has a couple of shins barked from the ankle up, and he has enough bruised spots on him to do credit to an ordinary automobile accident, but he is still for Woodrow Wilson.

FLYING MEN FALL victims to stomach, liver and kidney troubles just like other people, with like results in loss of appetite, backache, nervousness, headache, and tired, listless, run-down feeling. But there's no need to feel like that, as T. D. Peebles, Henry, Tenn., proved. "Six bottles of Electric Bitters," he writes, "did more to give me new strength and good appetite than all other stomach remedies I used." So they help everybody. It's folly to suffer when this great remedy will help you from the first dose. Try it. 50 cents, at all druggists.

FOREST RANGERS DOING GOOD WORK

SAN DIEGO, Aug. 22.—During the week of August 11-17, seven fires were discovered and extinguished on the Cleveland National Forest. These fires were confined to a total area of 8.2 acres. The prompt action of the forest officers with the co-operation of the Indian Service and the settlers throughout the country made it possible to put out these fires almost as soon as they started; therefore, the small acreage burned over.

During the week, two men, Harry Sparks and John Tyman, were brought to justice for leaving camp fires unextinguished. These men were brought before Judge Kelly of Ramona and fined \$50 each. The ground cover on the forest is very, very dry and the fire danger is becoming greater each day. The fire plans for the season are fairly well perfected in each locality and yet it is necessary that the hearty co-operation of the settlers be given, to prevent the destruction of valuable watersheds.

ATHLETES AT CAMP WILKIE

Contests of Y. M. C. A. Boys Proved Interesting—Ovation For "Father" Wilkie

CAMP WILKIE, Catalina Island, Aug. 21.—Yesterday was a red letter day in the history of Camp Wilkie, the Y.M.C.A. camp on Catalina Island, for on that day the annual track and field meet was run off. Much interest was manifested in the preparation for the meet. The camp is divided into two divisions, junior and senior, each being sub-divided, making the contests more equal.

The following is the complete list of winners in yesterday's meet:

Senior A Events
High Jump—Fuller, first; Burdoff, second; Sterdinger, third.
100-yard dash—Burdoff, first; Jayne, second; Johnston, third.
50-yard dash—Burdoff, first; Jayne, second; Fuller, third.
Running broad jump—Burdoff, first; Jayne, second; Fuller, third.
Standing broad jump—Burdoff, first; Fuller, second; Sterdinger, third.

Senior B Events
High Jump—Wallace, first; Schultz, second; Thurston, third.
100-yard dash—Stewart, first; Thurston, second; Wallace, third.
50-yard dash—Stewart, first; Wallace, second; Thurston, third.
Running broad jump—Stewart, first; Wallace, second; Thurston, third.
Standing broad jump—Schultz, first; Wallace, second; Bascom, third.

Junior A Events
50-yard dash—C. Anderson, first; Mathews, second; Elliott, third.
High jump—Mathews, first; Elliott, second; Smith, third.
Standing broad jump—C. Anderson, first; Mathews, second; Thurston, third.

Running broad jump—Elliott, first; Mathews, second; C. Anderson, third.
Junior B Events
50-yard dash—C. Butterfield, first; Hamilton, second; Durham, third.
High jump—C. Butterfield, first; Jenter, second; D. Anderson, third.
Running broad jump—C. Butterfield, first; Jenter, second; Hamilton, third.
Standing broad jump—C. Butterfield, first; Hamilton, second; Durham, third.

T. J. Wilkie, of the state Y.M.C.A. advisory committee, after whom the camp was named, was an honored visitor Saturday and Sunday. Saturday night, on his arrival, the boys lined the beach, singing, cheering for "Father" Wilkie and the Y.M.C.A. During the ovation the camp orchestra gave some of its popular selections, but they were almost entirely drowned out by the cheering. Long will that evening be remembered by the camp Wilkieites.

Sunday afternoon the camp turned out as a man to hear "Father" Wilkie, and after an inspiring sermon, during which many souls were won, a testimonial meeting was held, as only "Father" Wilkie can hold them. Deep will be the regrets of all the leaders and fellows when "Daddy" Wilkie leaves for the mainland. In the volley ball game between the leaders of the Junior and Senior divisions, the Juniors won in the score of 21 to 14. The tent volley ball games, as well as the baseball games, will be played in the near future.

Many other events are also planned for the campers. A bunch of fellows will leave tomorrow on a deep sea fishing trip. These trips are made in the camp launch. The annual "hike" across the island is a trip which is anticipated by the campers in the near future and a good time is expected.

7 MEN DIE, OTHERS NEAR DEATH OR MAD—POISONED WHISKEY

VANCOUVER, B. C., Aug. 22.—Special dispatches to the World from Montreal say that seven men are dead, three hovering between life and death, and others wandering stark mad in fields at St. Lambert, near here, the result of a foreigner's birthday celebration at which whiskey in large quantities was consumed. It is believed that the liquor was doctored. The men were laborers. Two arrests have been made. The seven men who died became stone blind when attacked.

The best suit that \$25 ever bought

Yes—better than many suits for which women have paid \$35 and \$40.

It is designed and made especially for good hard service—for business women, school teachers, college women; for traveling; for all women and occasions demanding clothes that will "stand up" and look fresh and natty under severe demands.

Madame Savarie, the great style authority, head of the Wooltex Fashion Bureau in Paris, says this particular suit embodies the best style tendencies for fall and winter.

As for materials and tailoring—well, we need only remind you that this is a Wooltex suit; that means the highest standard.

For you know, Wooltex garments—coats, suits, skirts—are so unusually well made and of such excellent fabrics, that the makers freely give the extraordinary guarantee of two full seasons' service and satisfaction.

Next time you are down town, go to The Store That Sells Wooltex and see this suit.

Put it on, and look in the mirror. Then—take it into the strongest light and examine the tailoring. Ask the saleswomen to point out some of the 27 superiorities in Wooltex garments.

GERMANY INDIFFERENT AS TO BIG PANAMA FAIR

(New York Times, Aug. 20.)—The Berlin dispatch setting forth the aim of Germany should the government take part in the Panama Exposition at San Francisco, is significant. Neither the government nor German business men will expect to gain much American trade by what they can show there. They will seek chiefly South American trade.

They will not seek it in vain, as against the competition of the United States they have two grand advantages. They are ready to buy as well as to sell in South America and they are strongly and skillfully organized for foreign commerce. The American policy is to let South America heavily on its products.

AULD LANG SYNE TO BE RECALLED

Vast Barbecue to be Given Next Sunday in Memory of Rancho Founder

Los Angeles Times: A barbecue reproducing the elaborate al fresco feasts given in the smiling land of plentiful return of the early days when the Spanish grandees ruled California will be given Sunday at the Dominguez Rancho to 500 of the leading business and professional men of the county.

Frank Dominguez, Edward and John Carson, the hosts of the occasion, are giving the barbecue in memory of George Carson, founder of the great Dominguez Rancho and for half a century a leader in the upbuilding and development of Southern California.

In the pioneer days Carson, who was noted for his generosity and bigness of heart, gave a mammoth Spanish barbecue annually to thousands of his friends and neighbors. The last feast given by him shortly before his death nine years ago was attended by 2000 persons.

Seven hundred invitations have been sent out and over 500 have already accepted. Many of the city and county officials will attend and an interesting program of speeches and merrymaking is being arranged.

Three famous chefs, have been engaged to prepare and serve the feast of good things and no stone will be left unturned to make it the greatest barbecue ever held here.

Famous Spanish dishes, now served only in the homes of the old California families, will be provided in abundance with rare California wines of ancient vintage.

To satisfy the hungry guests will require 1000 pounds of beef, 200 pounds of boiled lamb, eight bulls' heads, six sheep, 1000 ears of sugar corn, 2000 baked potatoes, 200 apple pies and barrels of chile.

Special cars will leave the Pacific Electric depot at 10 o'clock to carry the guests to the scene of the sumptuous out-door banquet.

Addresses will be delivered by ex-Gov. Henry A. Gage, Judge Paul McCormick, Justice William Frederickson, J. W. Summerfield, ex-Judge Erskine M. Ross, Capt. John D. Fredericks, Deputy District Attorney G. Ray Horton, "Uncle Billy" Workman, former Sheriff William Rowland, and Charles Wellborn.

A Spanish orchestra will render appropriate music.

Mme. Bernhardt at the Temple Theater

"Camille" will be presented tonight and Friday night at the Temple Theater, and as every one knows that in all the world there is only one who can play "Camille," and that person is Mme. Sarah Bernhardt. Regardless of the cost, the moving picture man has secured "Bernhardt" with the original Parisian cast and Manager Roberts will present this noted production for two night only at the Temple. With Mme. Bernhardt in "Camille," Mme. Rejane, the greatest comedienne of France will appear in "Mme. Sans-Gene," a play of mirth, laughter and excitement. These two big photo plays require six full reels of film, making a two hour show, unlike anything that has been presented. There will be but one show each night, commencing at 8 p. m. sharp. Ticket office open at 7:15. Show out at 10 o'clock. Admission, balcony, adults 15c, children 10c, main floor, adults 25c, children 15c.

SEX DISCOVERED IN CEREAL PLANTS

Oklahoma Man Tells How to Make Profitable Use of New Find in Nature

Dallas News: Charles Phillips of Chouteau, Okla., who says he has been experimenting in agriculture since 1859, writes to Governor Crouce that he has discovered the male and female selection in "all cereal plants except sweet potatoes and sugar cane." He made his discoveries at night, beginning about an hour before sundown and working through the night until an hour after sunrise. "I have found the male and female in all the timber of the forests," says Phillips in his letter to the Governor. "Half of all the wheat is male, and therefore produces very little grain. That is why we are running short every year. The same is true with oats, corn and cotton."

He explains that in planting corn he puts in the corn from two male ears with that of twenty female ears and says that he never has any rotten corn or smut. With wheat, he puts in five male grains with every hundred female grains and declares that that makes enough pollen for the whole field.

In planting cotton Mr. Phillips says he has one male row to every twenty female rows. He reports that this system will show favorable results under any conditions.

RESPECTFULLY SUGGESTED

We would respectfully suggest to the freeholders who are framing a charter to be submitted to the voters of Santa Ana that all its important provisions—certainly those of a radical nature—ought to be tentatively and informally passed upon by the voters prior to the legal election.

That is, we ought not to submit a charter that the people will not adopt. We ought to be and can be practically certain that the charter to be submitted meets with the approval of the voters.

The important provisions of the charter—at least those about which there is likely to be decided difference of opinion might be summarized and published in the newspapers as news a week or ten days before the time for commencing legal publication of the final and complete draft of the charter. Accompanying this informal publication of the summary a ballot could be printed, returnable to the president of the Board of Freeholders, on which the voter could express his or her approval or disapproval of the charter as a whole or indicate on blank lines in the ballot any provision or provisions that might be objectionable. In this way a pretty accurate estimate of the consensus of public opinion could be obtained.

Preliminary to this—or, possibly, it might serve instead of the plan above outlined—provisions of a radical nature might be presented through the papers one at a time for discussion through the press or by clubs and civic organizations, or at a mass meeting.

Not only would such plan insure the charter against defeat but it would protect the freeholders against error of judgment, on the one hand, and on the other enable them to present arguments in support of such provisions as might seem not to be understood or to meet with disapproval. In a word, the freeholders would get the benefit of the wisdom there is in a multitude of counsel, and the people would get the full benefit of the study and investigation of the freeholders—that is, the freeholders would be advised by public discussion or vote, or by both, which, if any of the provisions of the charter needed explanation or support by testimony and argument as to their desirability.

The trend of the times is strongly towards a full and free expression and prevalence of the popular will, and never before were the people so generally and so well informed on questions of civic importance, or so jealous of their prerogatives with respect to having an opportunity to express themselves at every stage of all public proceedings.

"NEITHER DO I ACCUSE THEE"

"I tell you to go. But where can you go? The Nation is full of hospitals and prisons but there is no refuge for the wronged girl who wants to reform. God knows what will become of you."

Judge Latshaw's voice was bitter as he pronounced a sentence of two years in the penitentiary and then gave a parole to a girl of 17 years who stood before him in the criminal court at Kansas City the other day to receive sentence for forgery.

Her mother died when she needed her most, the girl had told the court, and since then it had been a struggle. Her relatives didn't want her. After working in factories and stores for several years, temptation came. And

Horse Power

From the Fresno Republican...

"I am for your third party, all right," said a distinguished American scientist during the June convention in Chicago; "but I don't like Roosevelt nor the third term. Why don't you nominate some Democrat, preferably a Southern one?"

"Horse power," was the reply. "After a party is established it may go for a time on momentum; but in the beginning it needs horse power to start it. Can you suggest any man who could start it with as much horse power as Roosevelt?" And the objector had to acknowledge that the point was well taken.

To take some recent illustrations: The Presidential preference primary was a new thing, before Roosevelt started to arouse the American people to it, and it was growing slowly. There was some hope that within another four years, the system would have spread over at least the radical states of the West. Roosevelt began his campaign, and within three weeks the whole American people were so educated to it that it was already certain that no president would ever again be nominated by any less democratic method. Within three months, when the Republican convention assembled at Chicago, sentiment had grown so that only those delegates elected by direct primaries were regarded as having any moral right to determine the party's choice. The cause was no more true nor just after Roosevelt undertook its propaganda than before. But his mere undertaking of it reduced the time needed to educate the people from over four years to less than four weeks.

Women suffrage is another recent illustration of the "horse-power" of Roosevelt. In principle, Roosevelt has always favored women suffrage, but, like most Eastern American men until recently, he was not much concerned practically whether the reform came immediately or more slowly. He assumed that it would be brought about quite rapidly enough by the efforts of the suffragist women, without any active help from him. The first thing to turn his theoretical approval toward a more practical advocacy was the example of California. Then, discussing this a few months ago with Jane Addams, in Chicago, Miss Addams convinced him of the immediate practical desirability of equal suffrage, as a means of accomplishing concrete reforms. "Then, by George, I'm for it," he said, and that night made his first speech coming out unequivocally for women suffrage as a present practical policy as well as an abstract right. Not a very exhaustive investigation or profound conversion, a critic might say, but there is no question that this assumption of practical leadership in the cause instantly put forward the realization of women suffrage by at least ten years. More horse power!

In her speech seconding Roosevelt's nomination, Jane Addams said: "Measures of industrial amelioration, demands for social justice, long discussed by small groups in charity conferences and economic associations, have here been considered in a great convention, and are at last thrust into the arena of political action." This refers to the plank on social and industrial justice in the Progressive platform. Most of the measures of this plank had been outlined in the Lovejoy report of the Cincinnati conference of Charities and Corrections, which was adopted bodily into Colonel Roosevelt's "Confession of Faith" speech. Much of the same ground had been gone over in the plan submitted to the American Association for Labor Legislation in December, 1907, by Professor Harry R. Seager of Columbia University. Professor Lindsay, in his work on social legislation in the same university, and in the work of the New York School of Philanthropy, the Survey of New York, and other sociological journals, had discussed the proposals with great thoroughness, in the light of experience, where they had been tried, and of adaptability to our conditions. In his brochure on "Misery and Its Causes," in 1909, Dr. E. T. Devine, secretary of the Charity Organization Society of New York, after a study of five thousand cases of destitution in New York, had indorsed the same remedies, and had said that "eventually" he hoped to see a political party take them over as its platform. Thus it will be seen that the ideas were old, familiar and tested, and that Theodore Roosevelt originated none of them. But these patient investigators might have gone on for decades writing books and reports without bringing the practical realization of their ideals much nearer. Meantime Socialism, undermining the problem from one aspect, and militant labor unionism surrounding it from another, might have placed it beyond the possibility of peaceful solution. The espousal of these reforms by Theodore Roosevelt, second-handed though his knowledge confessedly is, has forwarded the task of extinguishing poverty at least a generation. It has given a new tone to a great national party, it has put into its program the part which the London papers regard as constructively epoch-making; it has done, toward the realization of ideals, more than ten thousand social workers could have done in a lifetime. Again the "horse-power" of Roosevelt.

You may like Roosevelt or not; you may attribute to him motives heroic, selfish or mixed; you may regard him as the greatest statesman or merely as the greatest press agent of the age; you may regard his position as the greatest second-handed thinker in the world as a high or low intellectual rank; you may believe or disbelieve the petty campaign gossip, about the practical politics of the past—but by a consensus in which even the carpers must join, Theodore Roosevelt is the greatest human motive power in the world, the one most powerful political asset a party could have. Such a force should not be overlooked or wasted. And a party starting out with a great mission, whose first problem is the one of getting started, would be insane not to use so great a horse-power motor, for that start, when history has made it available.

SAN DIEGO POLICE HEAD PLANS FOR MODERN UTOPIA

SAN DIEGO, Aug. 22.—San Diego owns 8000 acres of land which, under the terms of its grant, it cannot dispose of before 1930.

John L. Sehon, superintendent of police, yesterday morning submitted a lengthy plan to the council by which he would transfer the holdings into a bower of beauty as well as a modern Utopia. His plan consists of constructing boulevards, planting trees, shrubbery and plants, setting aside land for playgrounds and picnic grounds, the erection of a number of bungalows to be rented at nominal prices to residents of the city while taking vacations.

Employment, he argues, would be provided for many who are out of work.

BRILLIANT TARGET RECORD MADE BY COAST ARTILLERY

SAN DIEGO, Aug. 22.—More than equalling the feat of the 57th company of coast artillery, which made a remarkable score Tuesday night, the gun pointers of the 147th company, coast artillery of Fort Winfield Scott, hit the target seventeen times out of a total of twenty shots fired from the guns of battery Pio Pico last night. The 28th company, part of the Fort Rosecrans garrison, obtained six hits out of twenty shots, doing a little better than the record of the 60th company Tuesday night. Major Gilmore was in command during the firing last night.

The Fort Winfield Scott artillerymen will leave for the North by steamer Saturday night.

ISLAND FREE FROM IT

A number of persons from the district around Santa Ana have inquired at the Santa Catalina Island Company office regarding infantile paralysis on Catalina Island. It seems that there has been a rumor started that a number of cases had been reported on Catalina Island.

Up to date there is no infantile paralysis on the island. In fact, Catalina is free from all contagious diseases at the present time.

BOY WAS NECESSARILY SLOW

Small Boy, Late in Reaching Home, Told Mother He Led Turtle Instead of Carrying It

An eight-year-old San Rafael boy was being lectured on obedience the other evening.

"I told you that you could play with the Wilson boys till five o'clock," said his mother. "Why didn't you come when I told you?"

"I did, mamma."

"Don't tell me a falsehood. Why didn't you come home at five o'clock?"

"I started home at five."

"Then you stopped to play on the way."

"No, mamma, sure I didn't."

"Do you expect me to believe that it took you two hours to walk half a mile? I think I shall have to punish you for telling me falsehoods."

"Honestly I started home at five o'clock, and came straight home."

The mother led the boy into the kitchen and took down the whip. He turned pale and tears welled up into his eyes.

"Now, sir, will you tell me the truth?"

"Yes, mamma; Charlie Wilson gave me a mud turtle—and I was afraid—to carry it—so I led it home."

Fall term begins Sept. 2nd at Orange County Business College.

—WANTED—Girls and women at Taylor's Cannery, for steady work.

Stew With Vegetables

Put in a kettle over the fire with plenty of cold water. Let come to a boil, skim thoroughly, boil two hours, then add onions, carrots and turnips cut fine. Salt and pepper to taste. Cook one-half hour longer, then add sliced potatoes. Cook until done, thicken a little and serve.

LONG TRIP AHEAD

Insurance Policy Paid Up to Pay Expenses of Recorder and His Wife East

Today County Recorder George E. Peters and his wife start on their first trip East. Peters says he has never been very far east of Tustin, and his friends are quite certain that he has worked hard enough to earn a journey such as he proposes to take. A life insurance policy that Peters has been paying on for the last twenty years has just matured, and instead of waiting to die and get the money, Peters decided to take it now. That is how the trip came to be planned, and with two tickets about seven feet long the well known Santa Annas today started on their jaunt. Their itinerary sounds like the index of a geography. They plan to stop off a day or longer at each of the places mentioned in the following schedule: San Francisco, Portland, Seattle, Vancouver, Lagan, Banff, Winnipeg, Minneapolis, St. Paul, Milwaukee, Chicago, Detroit, Buffalo, Niagara Falls, Charlotte, at which point a steamer is to be taken down past the Thousand Isles to Montreal, thence on train again through the White mountains to Boston, New York, Baltimore, Pittsburgh, Cincinnati, St. Louis, New Orleans, Galveston, then to Wichita, Kansas, and Boonborough, Arkansas, where a week will be spent with Mrs. Peters' relatives; Denver, Colorado Springs, Pike's Peak and Salt Lake.

Boone-Frick

The wedding of Miss Louise C. Frick, daughter of Mr. and Mrs. Rudolph Frick of South Tustin street, to Mr. Clarence C. Boone, of Santa Ana, was solemnized at 2:30 p. m. yesterday at the German Lutheran church in Santa Ana.

MERIGOLD BROTHERS

To Winter in East
Miss Lena Potter, one of the valued bookkeepers of the First National Bank leaves soon on an extended eastern trip.

Miss Potter will go via the Canadian Pacific route and her destination will be central New York, where she will spend the winter visiting with relatives and friends. Miss Potter will take side trips out from this objective point to the many places of interest on the eastern coast.

Charming Supper Party
Miss Ellen Campbell was hostess at a Dragon Balcony supper on Tuesday evening. Her guests were Mrs. Rose E. Cheney, Mrs. Kate Felton, Mrs. Ella Parker, Mrs. Laura Carter, Mrs. Will Carter, Mrs. Sarah Fleming and Mrs. C. Lacy.

For Old Friends
Mr. and Mrs. P. A. Robinson, at their home on East Washington street, and some old Wisconsin friends, had a delightful time together last evening, when Mr. Robinson was the recipient of a surprise from his wife in the way of a celebration of his birthday. Mrs. Robinson had invited some of their old neighbors in to a delicious dinner which was prepared and served in most attractive manner. White Marguerites and ferns adorned the table and the group that gathered about the board had a most pleasant hour together. Besides Mr. and Mrs. Robinson, covers were laid for Mr. and Mrs. L. K. Strong, Mr. and Mrs. Morgan and Dr. and Mrs. Doyle.

Return From Abroad
Charles Robinson and his sister, Miss Mattie Robinson, who left here over four months ago for a trip abroad, arrived in New York last Sunday morning from Liverpool. They will visit in the east for a short time together, then Miss Mattie will return here about the first of September in order to attend Normal School at Santa Barbara where she will take a domestic science course. Charles will not return here until the latter part of September.

While in Europe, the Robinsons visited England, France, Italy, Germany and Switzerland, having a glorious time.

Returns From Beach Trips
Miss Mary Taylor has returned from Huntington Beach where she attended the G. A. R. encampment with Mrs. A. C. Black. They were joined at the Beach Tuesday evening by Mr. Black.

Miss Taylor was at Long Beach last week with Mrs. Darling, and Miss Emily Cox, attending the Baptist assembly. While there she had the pleasure of hearing and meeting Rev. Mr. Stackhouse whose powerful preaching was so striking a feature of the assembly. She was particularly interested in Rev. Mr. Stackhouse as he was a former classmate of her cousin, Fred E. Cox, owner and editor of "The Lookout," Middleton, Nova Scotia. Dr. Stackhouse's family also lives near Miss Taylor's former home in Wolsville, Nova Scotia. The distinguished speaker will leave in September for a visit to his family there.

Pleasant Afternoon
The Foreign Missionary Society of the First Methodist Episcopal church was held yesterday at the church with a goodly number present. Following the regular routine of business, selections by Rev. Mr. Murrett, pastor of the church, delighted the ladies. Music on the graphophone also lent charm to the afternoon which was concluded by the enjoyment of light refreshments.

For San Diego Guests
Miss Evelyn Decker was hostess last evening at a small dinner party given for Messrs. Ed and Hunter Burge of San Diego. The pretty dinner was served in five courses at half past six, and the decorations, tastefully arranged, were of pink roses and asparagus ferns.

Covers were laid for Miss Henrietta Gowen, Dorothy Dean, and the hostess, Miss Decker; Messrs. Edward and Hunter Burge and Irving Doyle.

THE ALABAMA MINSTRELS
PRESENT A FINE SHOW
The Alabama Minstrels gave a performance in their tent on the corner of Main and Kalorama streets last night that more than made a hit with the crowd that filled the tent. To say the show pleased is putting it mildly, judging from the applause that greeted the dusky performers, male and female. The jokes and songs were good, and the specialties were better. The song, "Mine," rendered by A. J. McFarlane, was the hit of the evening's entertainment. Taking all in all, the Alabamas are the best colored minstrel troupe ever in Ventura. The band of the aggregation appeared on the streets at noon and made an excellent appearance, and the concert was well rendered. The band also appeared down town in the evening before the show and another creditable concert was given before the show.

The Alabama Minstrels are in Santa Ana today and will show tonight in their tent, corner Fourth and Lacy streets.

CAMPFIRE PROVED RATHER EXPENSIVE

A fire report which reads like a detective story has just been received at the San Francisco office of the Forest Service.

At five o'clock on the morning of July 26, the lookout stationed on Bald Mountain, on the Sierra National Forest sighted a fire on the south slope of Kaiser Crest. The District Ranger was immediately notified by telephone, and with a fire guard started for the fire at once. With much difficulty it was put out. Investigation showed that it had started from a camp fire.

On a quaking asp nearby were carved the names of W. B. Gillespie, N. P. Gillespie, and J. S. Plator, all of Fowler, with the date July 25. The Forest Ranger immediately took their tracks and followed them into the valley. They were finally located in Fresno where, on July 29, in Judge Graham's court they pleaded guilty to a violation of the State fire law and were each fined \$25, which, upon their pleading poverty, was reduced to a total of \$30.

Licensed Yesterday

A marriage license was issued yesterday in Los Angeles to John Scott, Jr., 20, of La Habra, and Sadie P. Witt, 18, of Rivera.

INDIAN KILLED ON TRACK

"It completely cured me, in a short time, of a terrible cough that followed a severe attack of Gripp," writes J. R. Watts, Floydada, Tex., "and I regained 15 pounds in weight that I had lost." Quick, safe, reliable, and guaranteed. 50c and \$1.00. Trial bottle free at all druggists.

ORVILLE WRIGHT'S LUCK

Twice Escapes Death in Airship Accidents Happening During Week's Time

DAYTON, Ohio, Aug. 22.—Orville Wright, survivor of an aeroplane tragedy in which his companion was killed while experimenting with a hydroplane Tuesday, yesterday met with an accident in which good luck again attended him. His injuries consisted of a badly shattered left eye and a number of cuts and bruises, while his machine was wrecked.

The accident took place at the Pinnacles, a secluded spot along the Miami river, seven miles south of this city, where he hoped to conduct his experiments without hindrance.

ALLEGED BRIBER HELD

DETROIT, Aug. 22.—Alderman Thomas L. Glinnan, president of the common council, and alleged receiver of bribe money, yesterday was bound over to the recorder's court in \$1000 bail, at the conclusion of his examination in police court.

Detective Walter J. Brennan, testifying in the examination of Glinnan, told of receiving \$3100 from Andrew Green, a local manufacturer, to give to the alderman for the passage of the ordinance.

COUNTESS DEAD AT PETALUMA

PETALUMA, Cal., Aug. 2.—Countess Louise de Fere, a close friend of Queen Alexandra, a companion of nobility of England and a woman, whose life has been one of tragedies and heartaches, died at her apartments at the American Hotel in this city yesterday morning. Her demise marks the passing of a woman, around whom there has clung an air of mystery since she left Paris to come to the Far West. She has resided here for two years and her home was known as the "El Dorado ranch."

Madame de Fere was a native of England and aged but 37 years, and was twice married. She was a poet and artist.

"PANCAKE" MILLINERY

New Fall and Winter Hats Look Like Diminutive Cakes From the Griddle

CHICAGO, Aug. 22.—The fall and winter hats resemble a diminutive pancake.

The first "showing" as the milliners who are just returning from abroad say is evidence of a perfect revolution in hats. Those now being displayed are designed to make the head appear as small as possible, which means, of course—exit every wisp of false hair. The turbans are the most interesting. They are rather shy on material, but what they lack in that respect they make up in "style," designed to fit down over the ears.

The erection of a \$10,000 depot will be commenced within the next two weeks.

YOSEMITE PARK MAY BE OPEN TO AUTOMOBILES

WASHINGTON, Aug. 22.—Secretary of the Interior Fisher last evening, after a conference with Representative Kahn and others of the California delegation, decided to take up the question of permitting automobiles to enter Yosemite National Park, at a meeting to be held in the park on October 1, after the Secretary returns from his trip to Hawaii. All the members of Congress from California, together with representatives of the Western automobile associations, will be asked to attend the meeting, and it is thought that a conclusion favorable to the automobile enthusiasts will be reached.

REAPING BENEFIT

From the Experience of Santa Ana People

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Santa Ana residents on the following subject will interest and benefit many of our readers. Read this statement. No better proof can be had.

F. L. Sexton, 1129 W. Second St., Santa Ana, Cal., says: "Off and on I was troubled by a dull pain in the small of my back and I believed that the annoyance was caused by weak kidneys. I saw Doan's Kidney Pills highly recommended and procured a supply at Dean's Drug Store (now Wheeler & Mateer's Drug Store). Relief soon followed their use and as I continued taking them, great benefit was derived. Another member of my family has also found splendid results through the use of Doan's Kidney Pills. They proved as effective in relieving backache in that case as in mine."

PUBLIC RECEPTION GIVEN RIVERSIDE MAN, ROOSEVELT CANDIDATE FOR CONGRESS

(Continued from page one)

were going to vote for Taft." Anderson read a letter from a Long Beach man, formerly of Corona, saying that his name had either been forged to the Chapman petition or had been placed there by error. The man was indignant.

"Have you seen a single newspaper in which either Kirby or Chapman has said he was for Taft?" asked Anderson. "They are not saying it. Chapman dares not say he is for Taft and the old machine crowd."

"I would be ashamed to advertise myself as a Christian gentleman merely to advance my political candidacy. I think my acts and life should stand for themselves on that point."

"I have heard many say that Chapman can do much for the fruit interests because he is a millionaire fruit grower. Why, officially a state senator has not a thing to do with the tariff. Even our vote on state senator will be dictated by the people."

Anderson reviewed the good measures put through by Governor Johnson

and the last legislature. He said that because of his support of the woman's suffrage movement in 1905 women's clubs of Riverside had given him their endorsement.

He predicted big majorities for the Roosevelt candidates. Nationally he said he thinks the fight is between Roosevelt and Wilson, and he would not be surprised to see Roosevelt win.

Movement Growing

W. L. Grubb, a candidate for the Republican nomination for supervisor of the First district, said that from his observation here, the Roosevelt movement is growing rapidly, and he is confident the Roosevelt forces will poll a larger vote in September than they did in May. He said he thinks Evans will carry Orange County by a big majority.

"California for Roosevelt 100,000 strong," was the slogan announced by S. J. Jackman. He and J. P. Baumgartner brought out clearly that votes for Evans, Anderson and Weisel are votes for Roosevelt. In the primaries those men must be voted for if Roosevelt

is to be elected, J. P. Baumgartner said that the impression has gone out that there was a place on the September 3rd ballot where a person may vote for either Taft or Roosevelt. Either through deceit or misunderstanding that impression is out, and the people should be made to understand that the only way they can vote for Roosevelt at that time is to vote for the candidates who stand for Roosevelt.

As to the attitude of H. V. Weisel, our candidate for assemblyman, said Finley, "I wish to say that he stands four-square and honestly and honorably on every moral question."

"Among the things that he favors are: Raising the age of consent of a girl from 16 to 18; compelling the father of an illegitimate child to support the child; to raise the woman's majority from 18 years to 21 years; to make petty court juries of six instead of twelve men; to allow the prosecuting officer the right to subpoena and examine witnesses before a warrant is issued."

The Central Issue

J. P. Baumgartner, editor of the Register, urged that each person present carry to their friends the messages and arguments of the meeting.

"Everywhere," said he, "the opposition evades the issue. Their candidates do not come out flat-footed for Taft. They hope to carry the full Taft strength and fool enough Progressives into voting for their candidates to carry the nomination. I know of no overt act on the part of Mr. Chapman or Mr. Ruten themselves, but we do know that some of their backers are using this deception. It is gone at like this: A Chapman man says: 'Why, Mr. Chapman is one of the most progressive men in the county.' He is, but in that case the word is not spelled with a capital P. Mr. Chapman is not a Progressive. The opposition papers are not saying a word as to whether or not Chapman and Ruten are for Taft. Weisel and Ruten are both good men, but we have a bigger thing to fight for than the personality of men. If Chapman and Ruten are nominated they will go to the state convention and vote for Taft electors. That is the issue of this campaign, but the opposition won't face it."

ESCONDIDO GRAPE DAY ON SEPT. NINE

Ten Tons of Ice-Cooled Muscatels Will be Dispensed; Sports and Program Promised

Escondido will celebrate the fifth anniversary of Grape Day, Monday, September 9. Admission Day. The city is planning a bigger and better festival than any of the four, which have passed into history. At the 1911 festival they were hosts for 5000 people. They hope for more guests this year and promise good entertainment.

At Grape Day Park, which will be the rendezvous, they will dispense ten tons of ice-cooled Muscatel grapes, the kind which has made Escondido famous, and when the guests leave for the journey home, each will be presented with a handsome box of Muscatel grapes. They will have at the park food for all comers. Hospitality will be on tap all day.

A program of musical and literary exercises will be carried out and there will be a band concert, a baseball game and plenty of sports. For free rides over the valley, automobile trucks will be at the disposal of our guests.

As a result of offerings in cash prizes, they will have a choice exhibition of the products of the farm, affording opportunity of seeing what is raised here.

SAN FRANCISCO SET EXAMPLE TO WORLD IN PUBLIC SPIRIT

DENVER, Aug. 22.—That San Francisco has set an example that other American cities would do well to follow, is the declaration of John Brishen Walker, in praise of the enterprise of the Golden Gate City in undertaking the Panama-Pacific Exposition.

"San Francisco has set a high water mark of public spirit in subscribing \$18,000,000 to the greatest exposition the world has ever contemplated," Walker said. "This spirit is needed in Denver and elsewhere instead of the factional strife that prevents full development."

LOS ANGELES PRODUCE MARKET

A special feature of the local produce market yesterday was the arrival from Lower California of several boxes of rare cactus pears. Like many other tropical fruits this pear is grown in such large quantities in Mexico that it sells for almost nothing there, but on account of difficulties attending importation, when brought to California it commands a very high price, and the present consignment is selling at \$2 a box. Probably most of this fruit will be disposed of to the hotels.

A large quantity of Calimyrna figs landed on the market yesterday, coming direct from the Roeding gardens in Fresno, and as a consequence the price on figs has fallen to 25 cents. The Calimyrna fig is the local Smyrna fig, the latter being grown only in Asia Minor. The marketable quantity of the product in California is not large at present as it has only been successfully cultivated within recent years. Calimyrna figs generally find favor over varieties because of their superior flavor and are recognized as better than the Smyrna produced in Asia Minor.

Plums and grapes are particularly in evidence at the present time. A large quantity of Wicksons, green gages, tragelons, satumas, Damsons and other varieties have been brought in. The grapes include the Mission, Malaga, Muscatels, Concord and Delaware. Pears have also been arriving from all sections in large quantities.

In the staple market there was an advance in the price of eggs of 1 cent, despite the arrival of 575 cases from outside points. Butter arrivals fell short of what they were the preceding day, amounting to only 38,487 pounds. Only thirty pounds of cheese came in, and 573 sacks of potatoes, fifty-seven sacks of beans and 664 boxes of apples arrived.

NOTICE TO ARCHITECTS

Notice is hereby given that the Board of Education of the City of Santa Ana, California, will hold a competition for and consider the adoption of plans and specifications for the erection of a group of Polytechnic High School buildings to be erected on the school property located in the City of Santa Ana.

The said competition will be conducted in accordance with the "Programme of Competition" as approved and adopted by the American Institute of Architects, copy of which may be had by applying to the Secretary of the Board of Education, Mrs. Lydia C. Smart, 714 North Main street, Santa Ana, Calif.

The said programme specifies and sets forth in detail the character of the competition and the general requirements of the buildings to be erected. All competitive plans and specifications shall be delivered to the Secretary of the Board of Education at its meeting to be held the same date at 7:30 p. m.

The architect whose plans and specifications are adopted by the Board shall receive as compensation six (6) per cent of the cost of the completed buildings, for full architectural services which shall include all necessary plans, specifications and details, and the supervision of the construction of the buildings by the use of said buildings is limited to \$100,000.00 exclusive of architect's fees, which is the amount of appropriation available for the work and shall include everything necessary to complete the buildings ready for occupancy, except movable and detached furniture, such as seats and desks.

The architect whose plans and specifications are adopted by the Board shall be required to furnish a surety bond in the sum of \$5000 conditioned as provided by law.

By order of the Board of Education of the City of Santa Ana, Cal.
MRS. LYDIA C. SMART, Secy.

Hurry Up!

And buy one of those fine lots at Laguna Beach in Brooks' new subdivision. Lots for \$100 on real soil, near the surf, with magnificent view of the ocean and pay only ONE DOLLAR PER MONTH. After the grading of the streets is finished and the water system installed, both now under way, the prices will be advanced on every lot.

There is going to be a great awakening at Laguna. People from Redlands, Riverside, Pasadena, Los Angeles, Orange, El Modena and Santa Ana are buying property at Laguna, but not enough of Orange county people are taking advantage of this opportunity. Laguna has not been able to accommodate the people who seek rest and quiet at this beautiful and romantic ocean resort. But by next year good water and better accommodations will be provided. Something is going to happen at Laguna. Our lots are selling, but they will sell faster next season and the prices will be higher. Seven years time to pay for lots and what will they be worth in seven years? Look what has happened at the other beach resorts and then buy at

Attorneys in Macdonald Trial Addressing the Jury This Afternoon

This afternoon arguments are being heard by the jury that has received the evidence in the trial of R. C. Macdonald, charged with wronging Helen Hambelton, aged 14, a pupil. The prosecution finished its evidence yesterday afternoon.

This morning Macdonald went to the stand. He stated that the girl came to his home, walked into the house but was there but a few minutes and no wrong was committed.

Asks Probation
John P. Verdugo this morning pleaded guilty to a charge of stealing a horse and buggy from Bert Ryssman of Anaheim. Attorney B. E. Tarter, for Verdugo, applied for probation for Verdugo, stating that the man had a good reputation previous to the time he stole the horse while intoxicated. Judge Cole continued the case until next Monday.

Willis Arraigned
K. J. Willis, a former bank clerk of Los Angeles, was arraigned on a charge of passing a \$15 no-fund check on Arthur Hartung at Anaheim on May 29. Answer to arraignment was set for Sept. 6. Clyde Bishop is Willis' attorney.

ment was set for Sept. 6. Clyde Bishop is Willis' attorney.

Set for Tomorrow
The examination of J. A. Coulter of Fullerton on a charge of insanity was set for tomorrow.

PARISIAN SAGE

Is Not a Dye and Does Not Contain Poisonous Lead or Sulphur

People who use PARISIAN Sage never grow bald because it kills the dandruff germs, the cause of falling hair and baldness.

For your own protection see that you get PARISIAN Sage. The girl with the Auburn hair is on every cartoon and bottle. Your scalp will feel so delightfully refreshed that ordinary commercial tonics won't do any more. It's wonderful how quickly the hair will stop falling and dandruff and scalp itch disappear when PARISIAN Sage is used. Tens of thousands of women use it because it makes the hair so nice and brilliant that it attracts admiration. The Rowley Drug Company and dealers all over America can supply you with it. A large bottle costs but 50 cents.

W. J. BRYAN NOT PLEASED WITH PROGRESSIVE IDEAS

LINCOLN, Neb., Aug. 22.—Commenting on the Progressive platform on the current number of the Commonwealth, W. J. Bryan says: "The tariff plank is the same old sham used for a generation to deceive the public. The trust plank is a re-statement of Roosevelt's position which leads directly to Socialism. The new party clings to the idea that trusts can be left in private hands, and yet be controlled through a National bureau. History proves that this theory is incorrect."

IN THE JUSTICE COURT

LECIAGO GETS FINE OF \$100

Talbert Mexican is Not Sent to Jail For Carrying Concealed Weapon

Ben Leciago was sentenced to pay a fine of \$100 for carrying a concealed weapon. He was convicted by a jury on Tuesday and sentence was passed yesterday. For some time past any Mexican caught carrying a revolver has been given a jail sentence straight with no alternative of a fine, but the recent precedents seem to have been broken in Leciago's case. It is expected that Attorney Green, who defended Leciago, will take an appeal.

He Drew Jail
Leciago fought his case and drew a fine. Thomas Vega pleaded guilty to the same charge and drew a jail sentence of ninety days. Yesterday afternoon Deputy Sheriff Squires and Constable Heard were called to Talbert. They passed a Mexican riding a bicycle. One of the officers saw a hump on the man's hip, and concluded it was made by the butt of a revolver. The Mexican was stopped, and a big revolver and a beat knife were taken from him. He was taken before Justice Cox this morning and was sentenced to ninety days in jail.

Indictments charging Patrolmen White and Steiner with perjury in connection with the arrest of "Big Jack" Selig were returned today.

SELIG'S TESTIMONY WAS INTEREST CENTER TODAY
NEW YORK, Aug. 22.—Interest in the Rosenthal murder scandal centered today in the testimony of "Big Jack" Selig before the grand jury. Selig is the alleged leader of the gang that killed Herman Rosenthal. District Attorney Whitman confirmed the reports that he had received a package of cyanide of potassium through the mails. Detectives have been detailed on the case.

\$5000 REWARD OFFERED FOR GANGSTERS' ARREST
NEW YORK, Aug. 22.—Charging that "some members" of the New York Police Department knowingly permitted the escape of "Gyp the Blood" and "Lefty Louie," the missing gangsters indicted for the murder of Herman Rosenthal, District Attorney Whitman last night offered a reward of \$5000 for the capture of the fugitives.

Whitman's Statement
The prosecutor in a formal statement said: "This reward is not offered to any member of the police department of the city of New York or anybody in the employ of the police department, and will not be paid any such member or to any of the police department's employees."

"In taking this position, I am actuated by no feeling of unkindness toward the police department, but it is my belief that if proper police work had been done those men would now be in custody. The city of New York is paying millions of dollars annually to a police department whose duty it is to detect crime and apprehend criminals and I cannot escape the conclusion that some members of the police department have known, if they do not now know, the whereabouts of these murderers."

Civic Generosity
The generosity of private citizens made it possible for the district attorney to offer the reward. Whitman believes the police allowed Sam Scheppe to escape after the Rosenthal murder. Scheppe has been promised full immunity. Before testifying before the grand jury where he furnished corroborating evidence to the confession of "Bald Jack" Rose, implicating Police Lieutenant Becker in the killing of Rosenthal, Scheppe obtained a written agreement from the District Attorney's office that he was not to be indicted.

Scheppe can only be held a short time on the vagrancy charge, but he feels it is safe to remain in the custody of the district attorney until he has given his testimony in the trials. Scheppe, however, demands that he be taken care of in a first class hotel. His demand will be granted.

TWENTY BRIDGES BURNED SINCE LAST TUESDAY

TUSCON, Ariz., Aug. 22.—Reports from along the line of the Sonora railroad state that more than twenty bridges have been burned since last Tuesday. The Cananea line was clear at 3 o'clock this afternoon. The rebels are reported as concentrating in northern Sonora.

It is rumored that Orozco's entire command, which evacuated Juarez and the surrounding territory, are heading for Sonora. Three thousand are in the Hermosillo neighborhood.

WEALTHY RETIRED JEWELER OF IOWA COMMITS SUICIDE

SANTA BARBARA, Aug. 22.—John Kennedy, a wealthy retired jewelry manufacturer of Des Moines, Iowa, committed suicide Wednesday afternoon by shooting himself through the head. He had been in ill health for some time, according to his friends. Kennedy came here several weeks ago and purchased the famous Stow ranch at Montecito, Santa Barbara's fashionable resort colony, where he ended his life.

SMALL LAD FOUND BURIED UNDER A PILE OF LEAVES

KANSAS CITY, Aug. 22.—Buried under a pile of leaves, the body of Joseph Tinneran, aged four, who disappeared last Sunday, was found today. The coroner declared the child's skull had been crushed by a large rock. There is no clue to the assailant. The boy left home Sunday with some other children to hunt butterflies.

QUARANTINES ARE RAISED

Two Cases Infantile Paralysis at Anaheim Recovered; the Other Improving

Anaheim Gazette: Quarantine upon the residence of F. J. Fiall was raised yesterday by Health Officer Beebe, the case of infantile paralysis having so far improved as to warrant hope of complete recovery. There remains only one residence now under quarantine in this city, that of George Maxwell, and this will probably be raised the coming week. The Malcolm child has entirely recovered, and quarantine upon the home was lifted last week.

The case supposed to be infantile paralysis reported from Brookhurst last week proves to be an ailment of another nature. The patient is reported as recovering. The case of a young lady at Olinda, who was said to be suffering with infantile paralysis, is well in hand, and her complete recovery is probable. Health Officer Beebe reports the situation favorable and is of the opinion that all quarantine will be raised within a week or ten days.

Rumors are in circulation that Henry Trapp, who was reported two weeks ago to have died of infantile paralysis, was really a victim of poisoned watermelons. His body may be exhumed for postmortem examination. Trapp was in town in company of his brother on Saturday night preceding his death on Monday, two weeks ago. On returning to their home on the east side the boys ate freely of watermelons, one of which is said to have contained poison. Trapp was seized with violent cramps during the night, was very ill on Sunday, and died at 2 o'clock the following Monday afternoon. Death was announced as having been due to infantile paralysis, but doubt exists as to the correctness of this diagnosis. Health Officer Beebe said yesterday that the body might possibly be exhumed for autopsy.

PERFUNCTORY IS VERDICT

Millionaire Jury Says Gambler Killed by 'Persons Unknown'; Big Reward Offered

NEW YORK, Aug. 22.—Following a perfunctory inquest, Coroner Feltberg's millionaire jury rendered a verdict that gambler Herman Rosenthal who was shot down by gangsters, "met his death at the hands of persons unknown." Only five witnesses testified.

Lieutenant Becker was arraigned today on grand jury indictments with William Shapiro, "Dago Frank" Cronin and "Whitey" Lewis. Becker waived pleading. The others pleaded not guilty.
